## Best books for gmat verbal preparation

Sayantani Barman Study Abroad Expert | Updated On - Apr 19, 2022 To gain admission in graduate management programs, such as an MBA program GMAT exam is held. The exam tests the robust skills of an individual in certain aspects like: Analytical Quantitative Writing Verbal Reading In the verbal section of the GMAT, the paper is designed in a way to check the command of English the student has over the language. The following is checked by giving them: Compelling arguments to check their analyzing skills, Ability to read and understand an article and critically examine it A candidate needs to gather all the required material that is available in the form of books and materials before starting the preparation of GMAT. GMAT Verbal section is designed to check your ability to comprehend English in complex language through arguments, errors, written material, etc. The GMAT Verbal contains three types of questions: Reading Comprehension: The RC checks your ability to understand complex reading material and asks questions on the basis of the passage. The questions are based on the tone, structure, agenda, content, etc of the passage. Sentence Correction: These types of questions check if the person is attentive enough to identify errors. These questions are asked in long sentences. Sometimes there is no need for correction to the sentence. Critical Reasoning: These types of questions require you to evaluate and comprehend the arguments, making assumptions, coming to a conclusion with the help of evidence present. The GMAT Verbal Section is a computer adaptive test, i.e., it molds the next question based on the student's answers the test will adapt the difficulty level of the next question. Preparation tips for GMAT need the following steps. The students thinking of attempting the test should take care of the following: Creating a study plan and giving equal times for every section to prepare. Being non-native speakers, we are required to put in extra effort to get a good score in verbal. Do not spend most of your time in the quant section, give equal if not more important to the verbal section. Increasing your vocabulary, and read through a thesaurus to keep your knowledge of interchangeable words. Go through the GMAT Verbal Syllabus thoroughly, to keep an idea of how much you have to prepare in your head. When you start preparing for GMAT, it is important to identify a good prep book as to not waste your time and money. Practice and Practice as much reading comprehension as you can. You should familiar with the technical terms and concepts covered in Economics 101 as to not feel completely lost. There should be a basic strategy of how you will choose your answer. Do not be afraid to translate long sentences in plain English, as the complex language is just to throw you off. Check GMAT online Prep What is the Best GMAT Verbal prep book? Students can buy a complete guide to prepare from start to finish. Or opt for section-wise books to make their Verbal strong. It is the student's responsibility to know how much progress is needed and in which section. There is a vast amount of information available online for students to prepare for. But it is only possible to excel in any exam is to have a proper and good strategic study plan. \*The article might have information for the previous academic years, which will be updated soon subject to the notification issued by the University/College. This official GMAT prep book bundle — which contains a general exam guide and guides for the Verbal and Quantitative sections of the exam — is a must-have resource. The highly reviewed bundle offers over 1,900 practice questions and answer explanations. You'll learn the reasoning behind questions to build sound testing strategies and can even track your progress. Test-takers hoping to save some money may instead opt for the cheaper book-only version of the official GMAT prep guide. This popular, albeit expensive, GMAT resource condenses content from the 10-book "Complete GMAT Strategy Guide Set" into just three books. Students can find a variety of strategies to help them on test day, along with hundreds of practice questions covering both the Quantitative and Verbal sections. These GMAT prep books also come with scheduling tips, interactive video lessons, and six computer-adaptive GMAT practice tests. An effective solution for students who want to learn and hone proven test-taking strategies, this new GMAT prep book features over 350 practice questions prepared by experts. Users can take six online, computer-adaptive GMAT practice tests and review detailed answer explanations. All strategies are student-tested. Kaplan even guarantees the book will raise your GMAT score or you get your money back. Mometrix's newest GMAT prep book helps test-takers understand the most important concepts, vocabulary, and principles behind the writing, logical organization, math, and verbal portions of the exam. With this book, you'll get access to a full-length practice test and in-depth answer explanations. You can also view online videos in which experts break down various elements of the GMAT. Geared toward high scorers, this official GMAT prep book concentrates on only the most challenging questions from past exams. With this guide, you'll get 300 difficult GMAT practice problems with answer explanations. Test-takers can also benefit from an online question bank and mobile app. Students aiming to maximize their GMAT Quantitative performance can find instruction from experts who personally achieved scores in the 99th percentile. With this book, test-takers learn the foundational concepts behind GMAT math questions and key strategies for test day. The popular guide also includes hundreds of practice problems and access to video tutorials. This go-to GMAT prep book assists students who want to put forth their best effort to achieve a perfect Quantitative section score. The guide features more than 250 of the most difficult GMAT math problems. Test-takers who've already scored at least a 47 on Quant should find this detailed prep book especially beneficial. This useful prep book offers an in-depth rundown of the GMAT's biggest math concepts, with over 300 practice problems. Test-takers learn how the Quantitative section is scored and critical strategies for problem-solving and data-based questions. You'll also get drills in commonly tested topics like algebra, data analysis, and geometry, along with detailed answer explanations. Focused on the concepts behind various critical reasoning question types, this GMAT prep book helps test-takers understand argumentation. In the process, you'll learn to answer questions more quickly and maximize your GMAT score. The concepts you master will also serve you well with reading comprehension. This highly reviewed GMAT prep book includes access to a website with additional tips and guidance for the exam. Another popular prep book by Manhattan Prep, this guide outlines foundational Verbal concepts found on the GMAT. New English speakers often find the resource especially useful. Test-takers will benefit from online GMAT practice tests and interactive tutorials. You'll also learn the basics of reading comprehension, critical reasoning, and sentence correction. Here, famed verbal and test prep expert Erica L. Meltzer shares her biggest tips and strategies for acing sentence correction questions on the GMAT Verbal section. Through drills and 150 practice questions, students learn how to identify different question types so they can determine the best ways to approach them. This book teaches a plethora of key grammar points and is meant to be used in conjunction with the official GMAT Verbal guide. Hardly any GMAT prep books specifically address the Integrated Reasoning (IR) and Analytical Writing portions of the GMAT. Fortunately, Manhattan Prep has created an in-depth guide that covers all the main points you'll need to know about these two sections. In this book, test-takers learn crucial time-management and problem-solving strategies for the GMAT's IR and essay sections. Students can also access additional practice online. One of the only comprehensive GMAT prep books out there focusing exclusively on the Analytical Writing section, this book covers everything you need to know to write an effective and compelling essay on test day. You'll learn the various argument types that appear on the GMAT and helpful strategies for crafting a cogent response. Students also get to read plenty of sample essays along with critiques explaining what makes them strong or weak.
